

KYAL SAFETY RULES

Safety with Youth

1. All coaches, Assistant coaches, team moms and anyone entering the field areas should have clearances on file with the KYAL office.
2. There should always be at least 2 approved adults present at all practices at all facilities to include but not be limited to KYAL, East Pikeland School, St. Basil field, or the Thompson “Field of Dreams”. *The only time there is an exception to the “2 adult rule” is if you are practicing while there are other teams near by who are aware of your situation.*
3. No youth should be left unmonitored at any time with exception of using the restroom.
4. Ensure that all of your team has been picked up by a parent or parent approved adult BEFORE you leave.
5. Do not allow yourself to be put in a position to be left alone with a Youth, ask another coach or adult to stay with you.
6. Do not offer a ride to any youth unless you have approval from the Parent or guardian AND there is someone else in the car.

While these rules may be inconvenient they are to be enforced. They are for your safety as well as the youth of our league. Please look out for each other and report any mis-use directly to Rich Sim.
